TRUNKY

TRUNKY is a **high-end LED** modular trunking system dedicated to the lighting of retail areas as well as industrial and logistic premises. Equipped with the new concept of extruded prismatic diffusers.

TRUNKY offers an **inventive** LED light-line solution, fulfilling the **highest requirements** in terms of flexibility, aesthetics and performance.

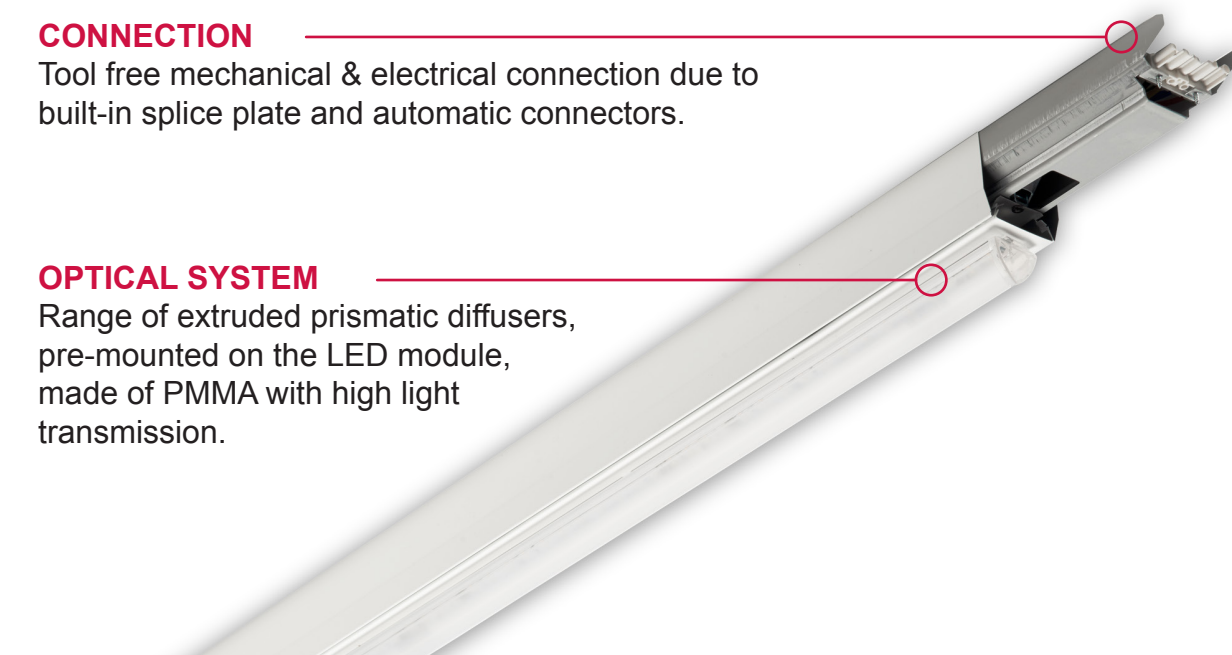

MOUNTING

In-line suspension using threaded rods, small chains or adjustable steel wire (to be ordered separately) tool-free mechanical and electrical solution.

CONNECTION

Tool free mechanical & electrical connection due to built-in splice plate and automatic connectors.

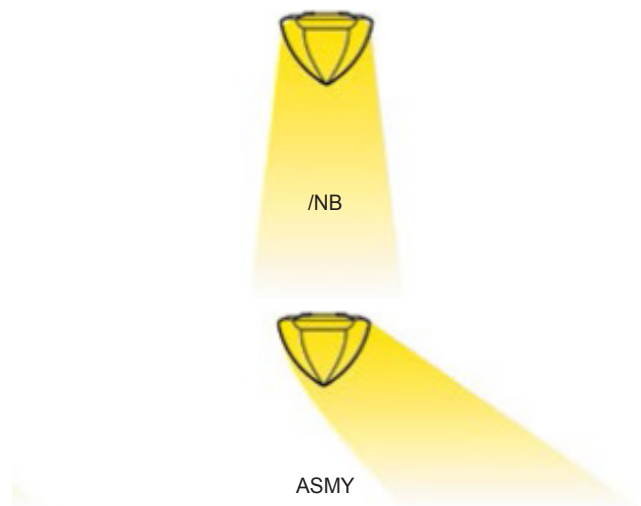

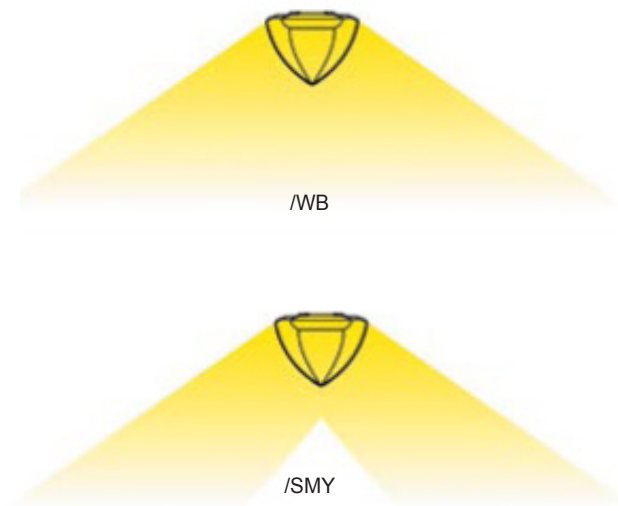

OPTICAL SYSTEM

Range of extruded prismatic diffusers, pre-mounted on the LED module, made of PMMA with high light transmission.
